## Welcome Back

It has been so lovely to have children back at the gym. Over the last couple of weeks, we have been working to plans which incorporate all our badge skills. The idea is that the gymnasts practise and focus on skills which will allow them to show us on their "Badge testing day". If they work hard during the weeks leading to their badge week, they should be able to show us skills which we can pass and in turn progress them through our classes.

If your child passes a badge, they will be handed a slip congratulating them. If you would like to purchase a certificate and badge please send them with £3.50 in cash, we can hand it to them at the end of the following session.

### IMPORTANT NOTICE

We have been asked to remind parents, carers or guardians when dropping of their child for the 4pm class during the week not to arrive before 3.45pm, children need to be already dress for the gymnastics and not use the gym changing rooms, once your child has been dropped off you must return back to your car and wait.

The reason is because we are on school premises and they are still teaching children within the after-school sessions. They have a duty of care and cannot have adults wondering around the school premises.

LoveAdmin

We thank all parents/guardians for signing up and paying for their child's gymnastics session.

We have had several queries regarding the payment and why the fees have been taken with different prices. I will try to explain but the break down of our costs and how the fees have been worked out can be read on our website under terms and conditions. When signing up to LoveAdmin you are required to read all the relevant documentation including the terms and conditions before you can progress through the signing up process.

Berkhamsted Gymnastics Club request that you pay for the month ahead, to enable us to plan classes we need to know numbers. Before LoveAdmin you would have been requested to pay for the forthcoming term. We requested members to sign up and pay for the month ahead. Many of our members signed up right at the being of the first email which money was taken £30.40, as we could not go back this money was held until we were allowed. In April 12<sup>th</sup> we returned back to the club and the first payment was for the month of April. Due to us returning 2 weeks into April the May fees were adjusted.

Our fees have been worked out over the 38 weeks of training during the year, we do not run sessions on school holidays and half terms, payment will not be taken in July and August, to take this into account.
