

Berkhamsted Gymnastics Club Policies

Dealing with Sickness – Members and volunteers

Version number	Date published /reviewed	Revisions made
1.0	25/07/2020	

Introduction:

Following on from the COVID-19 outbreak this policy sets out how we at Berkhamsted Gymnastics Club (BGC) will deal with sickness when it arises within and/or after a session

Overall principles:

- Recording illness during a session
- Following up after the session
- Informing gymnasts, coaches, staff, and parents who were in contact with the sick child
- Closing of the session/club

When confronted with a sick person Berkhamsted Gymnastics Club will:

- Remove the person away from the group and place them in the reception area which can be contained away from others
- Ensure the Level 2 coach on duty is informed together with the club Welfare Officer
- Call the he parents/guardians of the sick person for immediate collection
- Make a follow up call within 24hrs to the parent/guardian of the sick person to find out what the illness was.
- Contact every other gymnast and coach who were within the group to let them know if it was COVID
- Close the club and arrange a deep clean if the illness is confirmed as COVID
- Follow the current guidance set out by the NHS
